## 1. Introductory Statement

- 1.1. All personal information which the Foundation for Educational services holds is protected by the Data Protection Act, Chapter 586 of the Laws of Malta.
- 1.2. This policy document sets out, in writing, the manner in which personal data relating to staff, students and other individuals such as parents, guardians and custodians, are kept, the retention period, and how the relative data is protected.
- 1.3. This policy document applies to the keeping and processing of personal data, both in manual as well as in electronic form. This policy aims to assist the Foundation for Educational Services to meet its statutory obligations and to inform the management, employees, service users and their parents/guardians/custodians how their data shall be treated.

## 2. Data Protection Principles

- 2.1. The Foundation for Educational Services act as a data controller of personal data relating to its past, present and future employees, service users, parents, guardians, custodians, boards of management, and various other individuals. To this end, the Foundation for Educational Services is obliged to comply with the principles of data protection set out in the Data Protection Act, which could be summarised as follows:

- 2.1.1. Obtainment and Processing of Personal Data in a Fair Manner:

Information about the Foundation for Educational Services' service users is gathered with the help of parents and/or guardians and/or custodians.

Information relating to employees, members of staff, individuals applying for positions within the Foundation for Educational Services is generally furnished by the individuals themselves, with full and informed consent, and compiled during the course of their employment or contact with the Foundation for Educational Services.

All such data is treated in accordance with the Data Protection Act and the terms of this Data Protection Policy. The information is obtained and processed fairly; an end achieved through the adoption of the appropriate data protection notices at the point of data capture, for example, Service Users' Enrolment Forms and Staff Application Forms.

- 2.1.2. Information is kept only for one or more specified and explicit lawful purpose: the Foundation for Educational Services informs individuals of the reasons behind the collection of their data, as well as of the uses to which their data will be put. All information is at all points maintained with the best interest of the individual in mind.
- 2.1.3. Information is only processed in ways compatible with the purposes for which it was originally given: data relating to individuals is only processed in a manner that is consistent with the purposes for which it was originally gathered. Information is only disclosed on a need-to-know basis, and access to it is strictly controlled. From time to time, it may be necessary for the Foundation for Educational Services to disclose employees' personal information to third parties, including but not limited to, the Inland Revenue Commissioner, the National Statistics' Office, educational institutions, trade unions, staff associations, and/or other governmental bodies.

Service users' data may be disclosed to third parties, including but not limited to, departments directly associated with child protection issues, relative stakeholders, medical bodies, and/or other bodies. At certain points, it may be necessary to disclose information in order to comply with any legal obligations. The Foundation for Educational Services takes all reasonable steps as required by law in order to ensure the safety, privacy and integrity of the disclosed information, and, where necessary and appropriate, enter into contracts with such third parties to fully protect the privacy and integrity of any information supplied.

2.1.4. Keeping personal data safe and secure: it is an all-time principle that only those individuals with genuine reasons to do so may gain access to the information. Sensitive personal data is securely stored under lock and key in the case of manual records, and protected by firewall software and password protection in the case of electronically stored data. The Foundation for Educational Services takes appropriate security measures against unauthorised access to, or alteration, disclosure or destruction of the data and against any accidental loss or destruction.

2.1.5. Keeping personal data in an accurate, complete and up-to-date manner: service users, parents/guardians/custodians, and/or employees are bound to inform the Foundation for Educational Services of any change which should be made to their personal data, and this to ensure that the individual's data is accurate, complete and up-to-date. Once so informed, the Foundation for Educational Services shall make all the necessary changes to the relative records.

Whenever alteration or correction is required, a note attesting to the authorisation to conduct the same as well as the alteration or correction to be made to any original record and/or documentation should be dated and signed by the person making the change.

2.1.6. Ensuring that obtained data is adequate, relevant and not excessive: only the necessary amount of information required to provide an adequate service will be gathered and stored.

2.1.7. Ensuring that data is retained for no longer than is necessary for the specific purposes for which it was given as outlined in Section 5 of this Policy.

Personal data processed for statistical and research purposes are made anonymous. Where data is required for research related to service users, consent is sought from the parent / legal guardian prior to its disclosure only when the research / statistics will not be rendered anonymous.

2.1.8. The Foundation for Educational Services obtains parents'/legal guardians' approval prior the taking of visual images in the form of photos, videos or other means, within its centres. It is pertinent to point out that Foundation is only responsible for visual images taken by its staff members. Other persons taking visual images for personal use during an activity are personally responsible for the use of such visual images. Where a public event is held in the centre for which there will be the press covering the event, the parents will be informed beforehand and asked for their consent. Following any filming/photography undertaken by the members of the press, the Foundation has no control on how such material will be used whatsoever.

- 2.1.9. Provision of copies of their personal data to any individual, on request: since individuals have a right to know what personal data is held about them, by who, and the purpose for which it is held, upon making an access request, any individual about whom the Foundation for Educational Services keeps personal data, is entitled to a copy of their personal data.

### 3. Definition of Data Protection Terms:

- 3.1. **Definitions:** In order to properly understand the Foundation for Educational Services' obligations, there are some key terms that need to be understood by all the management and staff.

- 3.1.1. Personal Data means ANY information relating to an identified or identifiable natural person; or an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to his physical, physiological, mental, economic, cultural or social identity.

The term "any" makes it clear that the spirit of the Act is not to narrow the definition by listing what constitutes information, for instance, a person's name and surname, but leaves the definition open to interpretation.

- 3.1.2. Data subject means a natural person to whom the personal data relates. A deceased person and a legal person are not considered as data subjects.
- 3.1.3. Controller of personal data means a person who alone or jointly with others determines the purposes and means of the processing of personal data. A data controller could be individuals, organisations or any other body corporate. Data controllers must ensure that any processing of personal data for which they are responsible complies with the Act.
- 3.1.4. Processor means a person who processes personal data on behalf of the controller.
- 3.1.5. Processing of personal data, mean any operation or set of operations which is taken in regard to personal data, including the collection, recording, organisation, storage, adaptation, alteration, retrieval, gathering, use, disclosure by transmission, dissemination or otherwise making information available, alignment or combination, blocking, erasure or destruction of such data.

## 4. Other Legal Obligations

4.1. Implementation of this Policy should take full account of the legal obligations and responsibilities imposed on the Foundation for Educational Services. This is especially since some legislation places an obligation on the Foundation for Educational Services to obtain and retain personal data and is thus directly relevant to data protection. For example:

- i. Social Security Act; Chapter 318 of the Laws of Malta;
- ii. Children and Young Persons Act; Chapter 285 of the Laws of Malta;
- iii. Employment and Industrial Relations Act; Chapter 452 of the Laws of Malta;
- iv. Retirement Pensions Act; Chapter 514 of the Laws of Malta;
- v. Auditor General and National Audit Office Act; Chapter 396 of the Laws of Malta;
- vi. Occupational Health and Safety Authority Act; Chapter 424 of the Laws of Malta;
- vii. Education Act; Chapter 327 of the Laws of Malta.

## 5. Retention

## 6. Dealing with Data Access Requests

- 6.1. **Access request:** In line with the provisions of the Data Protection Act, an individual has the right to be informed whether the data controller holds data about them and also to be given a description of the data together with details of the purposes for which their data is being kept. The individual must make this request in writing by sending an email on [dataprotection.fes@gov.mt](mailto:dataprotection.fes@gov.mt) and the data controller shall accede to the request within twenty-one days.

## 7. Whistle-blowing

- 7.1. **What does this term refer to?** – This refers to those instances where a person raises a concern about a wrong-doing occurring within the Foundation for Educational Services. The Foundation has a separate policy entirely dedicated to Whistle-Blowing.

## 8. Ratification and Communication

- 8.1. This policy was compiled and presented by Management to the Board of the Foundation on the 24th September 2019 and came into operation immediately.
- 8.2. It is also published on the Foundation for Educational Services' website [www.fes.gov.mt](http://www.fes.gov.mt), where it can be accessed by all staff, service users' parents and guardians and members of the public.
- 8.3. The policy will be brought to the attention of all the Foundation for Educational Services' staff, who must be familiar with the Data Protection Policy and who shall be ready to put it into practice in accordance with the specified implementation arrangements.
- 8.4. The Data Protection Policy shall be brought to the attention of new members of the Foundation for Educational Services during their induction.
- 8.5. Service users' parents and guardians shall be informed of the Data Protection Policy from the time of the enrolment of the service user.
- 8.6. Depending on the nature of the case, issues will be referred to either Child Protection Services at Agenzija Appogg or MEDE (Ministry for Education and Employment).

## 9. Monitoring the Implementation of the Policy

- 9.1. The implementation of the Policy shall be monitored by the Chief Executive Officer or his/her delegate and the delegated officers of the Foundation for Educational Services.

## 10. Reviewing and Evaluating the Policy

- 10.1. The Policy will be reviewed and evaluated at certain predetermined times and as necessary.

10.2. Ongoing review and evaluation will take cognisance of changing information or guidelines.

10.3. This Policy shall be revised as necessary in the light of such reviews and evaluations and within the framework of the Foundation for Educational Services' planning.
