And.....

we are back !!!

After a challenging 5 weeks of school closure, 12th April was the day when our childcare centre and schools opened their doors again and we are finally welcoming back the children in our nurseries.

We are once again getting into a routine, with better times ahead.

Skolasajf Applications

Skolasajf applications closed on the 2nd May. And we have some very exciting activities in store for this summer.

Klabb 3-16

The service also resumed its normal operations from 2.30pm – 6.00pm. We shall also be launching the Bridge Holidays applications between 2nd–11th June and for ‘full days service’, between the end of the scholastic year until the commencement of Skolasajf 2021.

Childcare Centres

Applications for Registrations in our childcare centres are open once again. You can send us a message on one of our Facebook pages or give us a call. Our centre coordinators will be more than happy to assist you.

FES Recruitment

Kindly log onto to our portal on recruitment.fes.gov.mt. Vacancies are out for Skolasajf and Klabb 3-16. Deadline for submission of applications: 21st May 2021 at noon.

Training Seminar Child Led Approach

Our bi-annual training seminar was successfully concluded on the 9th April, with our Child-care Educators getting a better insight on the Child Led Approach.

Good practices were shared and evaluated by all staff across the FES Childcare Centres.

Continued Refurbishment Sardinella Childcare Centre

A patch of land adjacent to the Is-Sardinella Childcare Centre at San Gwann is being given a new lease of life as it is being transformed from a wasteland into garden area. The area has been cleaned of weeds, rocks and other material, and is already showing its potential. The area is going to be landscaped and trees will be planted. The area is going to provide the perfect setting for the children attending the Is-Sardinella Childcare Centre to experience the natural environment in a safe setting. They will be able to observe the wonders of nature, the changes brought about by the different seasons, and enjoy the sensory feeling of the different flora that will abound in the garden. This is another step in the right direction towards the maximisation of the FES resources for the benefit of the children's education entrusted in our care. We look forward to showing you the final result.

Bebbuxu Childcare Centre

Works at Il-Bebbuxu Childcare Centre, which started during the closure of the centre when all educational institutions were shut down, is nearing completion. This refurbishment is creating a much better environment for the children and the staff. Extensive refurbishment included whitewashing of the walls and ceiling, as a means of ongoing maintenance and also brightening up the place.
